Re: Planned Paving and Concrete Project

You recently received a letter stating that work would soon begin on a construction project in your area. In order to expedite the process we have decided to close the intersection of Lincoln Avenue and Chestnut Street. We apologize for an inconvenience that this may cause. By closing the intersection we anticipate that it will save the contractor approximately two hours of work each day thus allowing the project to be completed quicker.

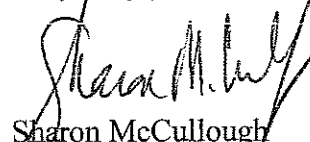

Again I would like to remind you that if you have any questions or problems with the construction and/or access to the road, you should contact one of the following:

With the construction or access to the road – Remington & Vernick Engineers
795-9596 (Steve Fini) or 795-9595 (Charles Chelotti)

If you need to have a Police Officer come to the location – 429-3000
Day time police information – 429-4700 ext 250

Or you can contact my office. I can be reached by email at smccullough@haddonfield-nj.gov or by phone at 429-4700 ext 215.

Very truly yours,

Sharon McCullough
