Borough of Haddonfield

Camden County, New Jersey

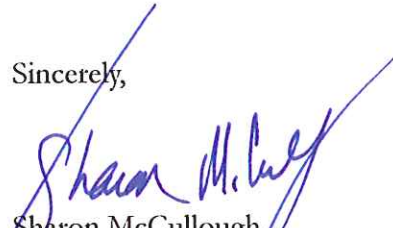

August 4, 2010

To: Properties abutting Tanner Street (from Kings Highway to Haddon Avenue)

The Borough is happy to announce that on July 27th the Commissioners awarded a contract to begin the major infrastructure improvements to be completed on Tanner Street. Extensive work is anticipated which will include a new water main, new sewer main, all new water services and sewer laterals, and a new stormwater collection system including a sump pump collection system.

To kick off this process we will be holding a meeting on Thursday, August 19 at 8:30 a.m. at the Auditorium in Borough Hall. At this meeting we will explain the full extent of the project, discuss any issues related to the project, cost and start date and time frame for completion. The Borough Engineer, a police representative, the contractor and I will be available to answer any questions that you may have. We hope that you will be able to attend.

Sincerely,

Sharon McCullough
Borough Administrator
