

**2014 Utility Improvements
Project Update No. 10**

September 12, 2014

Work Completed the Week of September 8th - Pomona Avenue:

Installation of the new sanitary main was completed. In addition, the contractor began the installation of the new water services and sanitary laterals.

A new sanitary lateral is being installed.

Contractor is excavating for the new utility installation.

Anticipated Work for the Week of September 15th – Pomona Avenue:

Contractor will continue with the installation of new water services and sanitary sewer laterals.

TRAFFIC NOTE: Road reconstruction work is being completed on Mount Vernon Avenue between West End Avenue and Linden Avenue. In addition, utility work is being completed on Pomona between Oak and Bellevue Avenues. There will be no thru traffic at these locations and only local traffic and emergency vehicles will be permitted.
