PARKING PERMIT RULES and REGULATIONS

The permit must be completely visible from the outside of the vehicle. If your vehicle information changes, you must update the new information by mail or in person. The permit is valid **ONLY** for the parking lot for which it is assigned; park only in areas marked **“Permit Parking Only”**; **the permit does not allow you to park in a numbered space**. Permits are non-transferable; if you no longer need the permit, please contact the Parking Enforcement Officer. If you have more than one vehicle, it is your responsibility to move the permit from the primary vehicle to the secondary, assuming the secondary vehicle information is on file with the Police Department. Only **one** permit will be issued per permit holder. Failure to follow all the rules and regulations will result in a violation being issued to your vehicle. Failure to submit a completed renewal form will delay the issuance of the parking permit. Replacements will be issued at a cost of \$20.00, the original permit will become invalid once a replacement permit is issued.

I attest that all information contained herein is true. I further attest that I have read and understand the **“Permit Parking Rules and Regulations”** and agree to abide by them.
