Director of Revenue & Finance

Borough of Haddonfield

Camden County, New Jersey

October 7, 2010

To: Properties abutting Centre Street (Lincoln Ave to East Cottage Rd)

Re: Planned Road Improvement Project

The Borough Commissioners have authorized road improvement work for Centre Street from Lincoln Ave to East Cottage Rd. The road work will consist of a "mill and overlay" process which removes and replaces the top 2 to 3 inches of asphalt.

Charles Marandino, Inc. of Milmay, NJ will be the Borough's contractor for the work. They are expected to begin the week of October 11th. It is anticipated that the work will take approximately three weeks.

Roads will be closed to local traffic only during the construction period. During the normal workday, starting after 7:00 a.m., there will be some impact on parking and traffic while the work is being done. On street parking will not be allowed during the workday on the block(s) the contractor is working on. Cars must be off the road by 7:00 a.m. The Police Department is aware of this situation and will relax enforcement of the overnight parking regulations where appropriate. If you have any concern, please call 784-9161 for overnight parking permission. Trash and recycling will continue to be picked up on your normal day. The contractor; however, has requested that all trash and recycling be picked up no later than 7:30 am, which may be earlier than you are accustomed to.

Your patience and understanding during this sometimes messy process will be appreciated. The end result for the long term should be worth the short-term trouble construction work always causes.

The Engineer will provide an overview of the construction project, process and project updates every two weeks, which will be posted to the Borough website under "Centre Street" which is located in the Capital Projects and Road Program section (bottom left hand column) of the website. A full project description can be located there at this time.

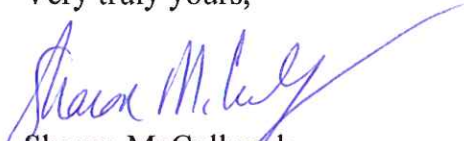

If you have any questions or problems with the construction and/or access to the road, you should contact one of the following:

With the construction or access to the road – Remington & Vernick Engineers Harry Ackroyd has been assigned as the inspector for this project. He should be your first contact. His cell phone is 302-753-4700. Should you be unable to reach him or need further assistance please contact Steve Fini the Regional Field Supervisor. He can be reach at the office by phone, 795-9596, by email steve_fini@rve.com or by his cell phone at 609-680-6343.

If you need to have a Police Officer come to the location – 429-3000
Day time police information – 429-4700 ext 250

Or you can contact my office. I can be reached by email at smccullough@haddonfield-nj.gov or by phone at 429-4700 ext 215.

Very truly yours,

Sharon McCullough
Borough Administrator
